Dear Rabbi Silkin שליט"א

I would like to take this opportunity on two counts to offer our sincere appreciation what you and Rabbi Roodyn have afforded us at Menorah Grammar School.

Firstly on behalf of our senior talmidim many thanks for the insightful shiurim you have given over the last year. As our School Rov, Rabbi Grenberg שליט"א has said, it is so important for the youth of today to know that there are people available to answer their questions. Boys feel relaxed to ask varied questions and come away satisfied with the various approaches.

Secondly on behalf of our parent body thank you for the fascinating series of shiurim in the **כי ישאלך בנך** programme. In an era wher young men are asking so many questions it is important that their parents at least have the basic knowledge to be able to discuss the issues with them. This series, now in its second term has proven very popular.

Both sets of shiurim are not just "sounbites" but detailed ones with **מראי מקומות** in the Rishonim and Achronim.

We look forward to continuing our association with Chazon and thank the wonderful sponsors of this vital programme.

May you and your sponsors be blessed with ALL goodness.

בברכת התורה
